In the event of the announcement of an Air raid warning in the city of Kyiv, the Race will be suspended (changes in the start schedule are possible). Continuation of the Race will be announced after the cancellation of the Air Alert (but in any case, only during daylight hours).

If State Emergency Service issues a warning of possible significant deterioration of weather conditions in the region on the eve of or on the day of the Race or there is a threat to human life and health due to severe weather phenomena (including but not limited to earthquake, flood, hurricane, hail, cyclone, storm, lightning, other natural disasters), the Race Organizer reserves the right to take measures to ensure the safety of participants, audience, fans and all those who directly or indirectly participate in the Race.

The Race Organizing Committee has developed an internal safety scale, according to which, in case of severe weather phenomena, the Organizing Committee will act in accordance with the plan and require all participants to strictly comply with its requirements, namely:

1st level of danger - wind with a force of 7-9 meters per second - the dismantling of inflatable arches, light structures (including mileage indicators), light awnings, promotional and photo zones.

2nd level of danger - wind with a force of 9.5-10 meters per second - the dismantling of all awnings and photo zones, as well as the dismantling of the crossbar of the start-finish arch.

The project manager will ask you to remove anything that may be dangerous.

High probability of cancellation of children's races. The decision to hold or cancel them will be made immediately before the start of the children's races based on the actual weather conditions at that time.

3rd level of danger - wind with a force of 11 meters per second and more - a collegial decision to hold or cancel the Race will be made.

The committee in charge of making this decision consists of Dmytro Chernitskyi, Director of the NGO "Run Ukraine," Ivan Tretiakov, Project Manager, and a representative of the SES in the region.

In case of an air raid warning, the Race is stopped. The Race will be resumed once the air raid warning is lifted (but in any case, only during the daylight hours).

Taking into account that the Race is held during the period of martial law throughout the territory of Ukraine, in the event of the announcement of the signal "Air raid in the city of Kyiv," the event will be suspended, the program of the event and the schedule of starts will be changed, and all participants must strictly comply with the requirements of the representatives of the Organizing Committee, must leave the territory of the event and go to the shelters, which are appropriately marked on the route map. After the signal "All sirens clear in the city of Kyiv," representatives of the Organizing Committee will make a decision on the possibility of continuing the event on the spot. The decision of the Organizing Committee and the updated Program of the Event will be announced to the participants within 10 minutes of the signal "All sirens clear in the city of Kyiv."

Announcement of the signal "Air raid in the city of Kyiv" before the start of the Competition.

All participants must strictly comply with the requirements of the representatives of the Organizing Committee. The participants must leave the territory of the event and go to the shelters, which are appropriately marked on the route map.
